

Press Release

UnderwriteMe Announces Senior Appointment in Australia

UnderwriteMe is pleased to announce that Eoin de Búrca will be joining our Australian office in the role of Business Analyst, responsible for delivery of implementations and on-going technical support. Eoin brings to the team over 30 years' experience in the life insurance industry and over 10 years' experience in the development of underwriting rules engines in Australia, most recently at Asteron Life.

Andrew Gill, Director of UnderwriteMe Australia and Managing Director of Pacific Life Re Australia said "UnderwriteMe has achieved phenomenal success in the UK over the past 2 years, where it leads the market in rules engine implementations and customer satisfaction ratings. Eoin has a wealth of industry experience and, along with the existing development and implementation team in Sydney, will be instrumental in bringing our market leading digital technology to Australia".

Eoin joins our existing Australian team including Rakesh Kaul, Director, Business Development, and Sajid Moinuddin, who leads a local team of developers responsible for implementations and client support.

We look forward to introducing Eoin to the market over the coming months, where he will play a pivotal role in delivering market leading digital underwriting solutions to Australian insurers.

-Ends-
