Describe PL Re in three words

Adaptive, Resourceful, Reliable

Where did you start your career?

I started my career with a six-month internship as a Business Development Intern for Adastra Corporation. I joined PL Re after I graduated from University.

How did you find the virtual onboarding process?

At first it was a bit different than I was used to, but Yvonne and Kendra in my team made the whole training process seamless by incorporating virtual training, mentors to reach out to and other contacts for support.

What did you want to be when you were growing up?

I really fancied being a Pilot or a Chocolatier!
